St Dunstan in the East
We walked through the
~~ruin~~ ruined church that
was destroyed in the war. It was
designed by Sir Christopher Wren
and he helped re-build London.

Lunch with a stunning view

Next we had our food. We were
very hungry. When we finished our
food we had to find different
landmarks. And we won the
golden basket!

I would like to go back to
London because I really liked the
landmarks!

The Journey

First I woke up feeling very, excited
 we walked to the train station
 very quickly. Suddenly I couldn't
 believe my eyes! I saw the shiny
 shard ^(S) it was so tall. ^(C) we got
 off the train and we waited
 for the lift to turn on. ^(A) we
 went down a very shiny road
 wonderfully we finally saw the monument
 it was ^(A) beautiful ^(C) when we crossed the
 Bridge and saw a huge wacky tower.
 It was black and silver. The
 Bridge was really long.

Then we had some tasty, delicious sandwiches
 and we played some games it was really
 fun. Then we went to the park church and
 took a picture and we all said cheese!
 and the park church is a place where
 people get their wedding pictures taken in
 London. Then we went back home
 school and watched a little movie and
 done a word search and it was
 home time.
