

Today's activity focuses on perspectives (viewpoints) of different characters from the last chapter. It will help you to consider different people's emotions and attitudes about a given event - Edward going overboard.

Listen to Chapter 5 and consider how each of the characters: Edward, Abiline and Martin and Amos feel about Edward going overboard and why they may feel this. Consider what we know about the characters, their personalities and their previous behaviours. Also, think about questions that they may have now that Edward is no longer on board the ship. You may use the text to help you if you need to.

Circle of Viewpoints
