What Do I Know about  
The Crystal Palace

I know that  
the Crystal  
Palace was  
made of glass  
and iron  
it was  
built in  
1851  
in  
London

the exhibition opened  
in 1851  
did you know  
the crystal  
palace burned  
down

sometimes it  
costed 1 shilling

did you know  
the crystal  
palace was made  
of glass and iron  
did you know it  
burned down

it was made in  
Hyde Park  
Joseph Paxton  
designed it  
In the olden days  
the Crystal Palace  
park had no park  
back then

rich people went when  
it was 1 shilling  
In the there is a park  
and some dinosaurs  
and a big lake  
Did you know the  
islands were divided  
islands

When tickets were 1/2 people traveled  
in carriages most people went with  
it was 1 shilling
