

WALT solve problems involving money.

Make sure you can see the 'Pegasus Beach Store' when you are answering these questions!

1. If I buy sunglasses and a spade, how much will it cost me?
2. I buy a stick of rock and some sunglasses.
How much change will I get if I use 50p to pay?
3. If I buy sunglasses and a snorkel, it costs me 75p.
How much does the snorkel cost?
4. If I want to buy 2 snorkels, how much will that cost me?
5. I want to buy 4 sticks of rock.
I have 50p in my pocket.
Do I have enough money?
Prove it.
6. A bucket is double the price of sunglasses.
How much does a bucket cost?
7. I want to buy a unicorn float and some flip flops.
How much money will I need?

Challenge

8. I have £5. Can I afford to buy 1 of everything from the shop? Prove it.
