

My strong, powerful husband, wouldn't thou like to possess the power of Scotland?

Duncan is old, he can't control Scotland properly. Thou art young, thou art strong like a dragon. Thanks to thou there will be no Norweigan left, thou will reign in Scotland and I will be the happiest woman in the world. Didn't thou want to possess the power and rule Scotland? Duncan is old he is gonna die anyway, and then his son will possess the power. So why not kill him now and possess his power?

Even though thou will think this is against the law, I think this is right, this is what will make me happy. I'll be the prittiest queen in the world and thou my brave, handsome husband.

My lion, have courage I believe in thou, I trust thou and I know thou will do anything for me.

This is our right which no-one gave us in years, and now the time has come to take it ourselves.

A

If thou do this it will benefit us in the future, Duncan is a fool he needs someone to tell him what to do. If you are the King then there will be peace in Scotland, and Scotland will be good again.
