

My dearest husband,
You must do the deed. Imagine the power.
Your strength and bravery, King. This is your
chance. The throne deserves a brave man like
you. My dear husband, do this to make us happy.
You deserve the throne and it deserves you. You
need this, this your opportunity. Thou art
worthy of the crown. Thou art the best
husband. I am privileged to have you as
my husband.

We won the battle, we can do more. We must
achieve our goal. Duncan is a fool. Thou
should take the throne. It belongs to you,
not Duncan. Thou art worthy of the
recognition. Thou art worthy, Thou shall show
no fear. Thou must take what belongs to you.
Thane of Cawdor deserves king. Thou deserve
more than Thane of Cawdor.

The weird sisters said thou would be
king one day. They are always correct.
Thou must not go against them. Thou
must do it for us. Thou must
do it ~~for~~ to become king, take the throne.

Thy weired sisters art always correct. Thou
must listen to them, they never lie. You
only option is killing Duncan. Thou would be
royalty. Thou will make me even more
happy. Thou must take action. Thee must
fulfill thou destiny. This is thou only chance
kill king Duncan and live in peace.

Thou wont dissapoint me, will you? Don't
you want the title of King?
