WALT Write a description of a mammoth

The mammoth's matted fur is as tangled as hair, because it is never combed. Its tusks is as ~~the~~ cold as a winter's day, because the trunk is for digging ^{in the snow} so they can find food. The mammoth's tusks are as white as snow so it is nice and clean. Its body is as soft as a blanket so the can ~~to~~ stay warm because they were alive in the ice age. The mammoth's legs are as stubby as a pumpkin and as strong as a bigfoot so it can carry ~~x~~ itself. Its tail is as bushy as a bush. The mammoth's eyes are as small as a bead so it cant see that much.

WA Excellent work!
