WALT: use features of a persuasive argument

177

VICTORY WILL BE OURS!!...

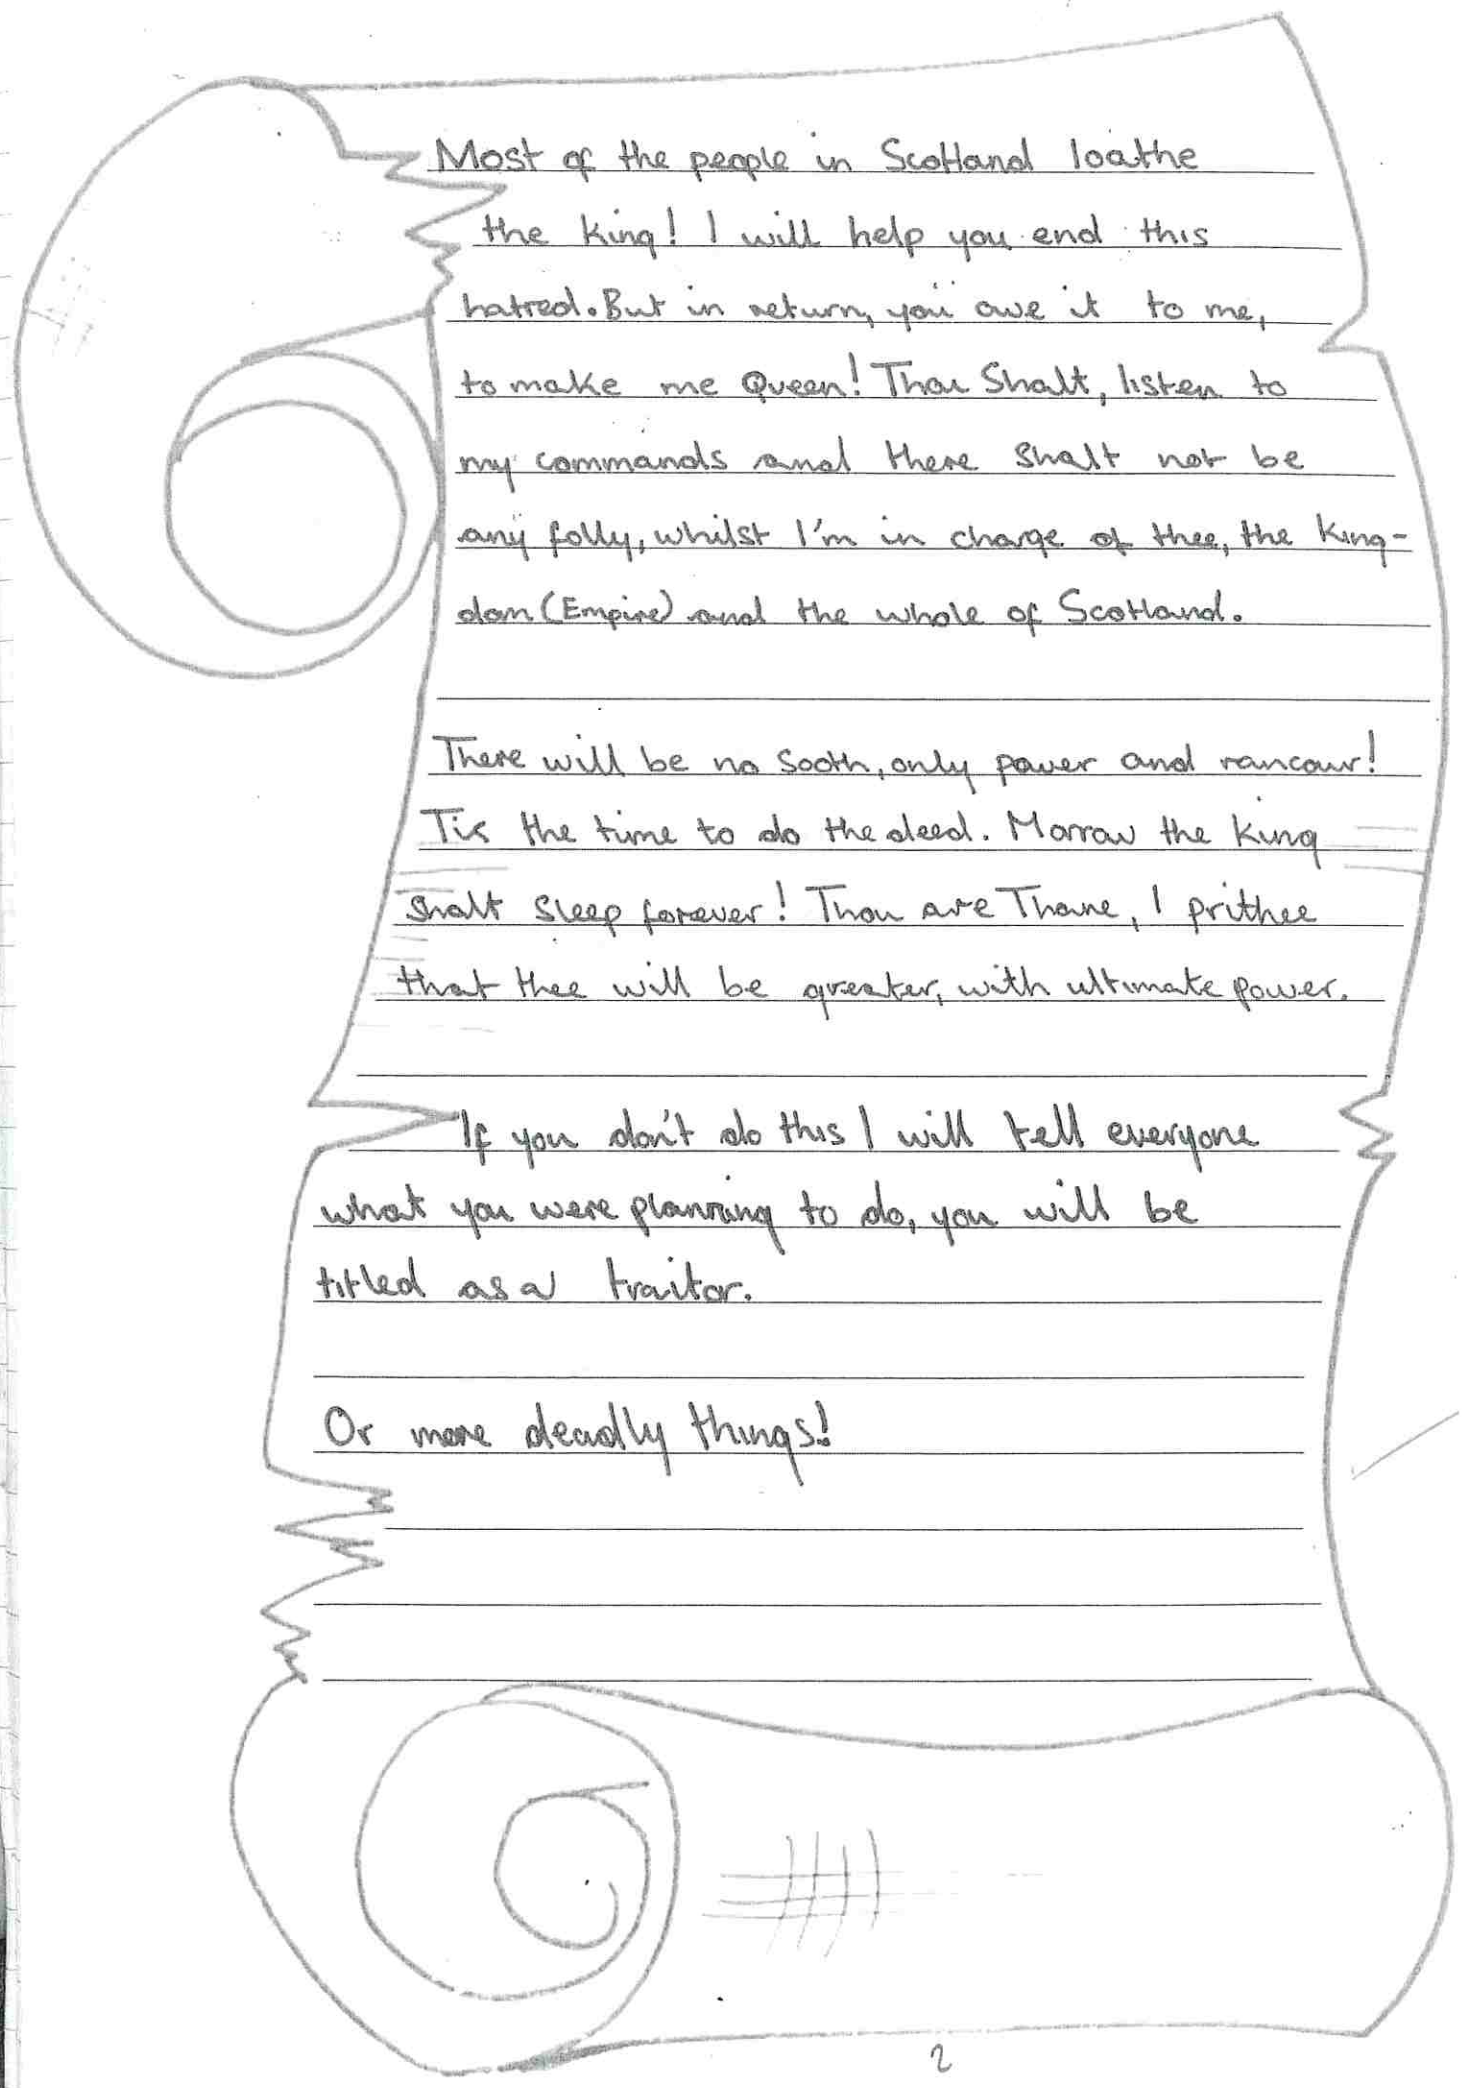

Good Evening my King, hath you completed the deed? I'm confused, what happened?

Take your crown whilst you can!

Do you feel sick?, Or are you an insect a human can step on? Where is the man I married? Find the courage to Kill the King like how you get the courage to Kill on the battle field.

Men don't hesitate, children do.

I will not oblige you to spread folly and ruin my plan! Hence on, you shall obey me, ... Everything that will happen tonight will lead to your destiny! The quicker it's done the better. Do you not love me enough to do this one thing?

Most of the people in Scotland loathe
the King! I will help you end this
hatred. But in return, you owe it to me,
to make me Queen! Thou shalt, listen to
my commands and there shalt not be
any folly, whilst I'm in charge of thee, the King-
dom (Empire) and the whole of Scotland.

There will be no sooth, only power and rancour!
Tis the time to do the deed. Morrow the King
shalt sleep forever! Thou art Thane, I prithee
that thee will be greater, with ultimate power.

If you don't do this I will tell everyone
what you were planning to do, you will be
titled as a traitor.

Or more deadly things!

Are you a boy wearing the mask of a man? Or are you the man I fell in love with, the man that was fighting for our country, the one that I married, ... you!

So won't you do this one thing for me, forget about me being Queen. I just want this one thing just this one thing please!

Victory Will BE OURS!!...

A really fantastic piece of writing, Sade. Incredible!
