W/AET use descriptive language
to write a poem.

Another day another life I was on a
dark, brown wooden boat, swaying fastly
from left to right.

I looked outside to see an bright,
blue, glowing jelly fish swimming calmly
and the eight leg octopus.

Behind the old, creaky boat there was
a colorful group whispering silently
to one another.

Next I saw something you can not believe
a massive, greedy shark and a friendly
clever dolphin swimming peacefully in
the ocean.

After a while, I saw a bright, shiny,
goldfish and I saw all beautiful
creatures.

But I could not wait until I see
another country because I've never went
and I am so excited I can not wait
to meet new people.
