PREPARATION

KIT LIST - POD VILLAGE

We do stress that it is not necessary to go out and buy all new and expensive kit to come on our trips. If you have appropriate footwear and some warm clothes you will be fine, but just to be sure we have outlined the key items of kit below.

TOP TIPS FOR PACKING

- ☐ Try and pack your bags yourself so you know what you have brought with you
- ☐ Casual, warm clothes are best. Clothing will get dirty and wet at times
- ☐ During the warmer months please make sure you have some sunscreen and a hat
- ☐ Label everything so that you can identify it. You would be amazed at how much is left behind
- ☐ Do not bring expensive clothing or gadgets as they may get dirty or lost. We cannot be responsible for personal belongings
- ☐ Please avoid bringing aerosol and other sprays, roll on type deodorant is fine

WEATHER DEPENDANT

- ☐ Warm Hat
- ☐ Warm Gloves
- ☐ Sun Hat
- ☐ Sun Cream

STUDENT SUPERVISION

During the day, we will group the students into 15's with each group having an instructor and a member of staff assigned to each group. Your instructor will stay with your group for the duration of the activities.

During the night, students will share pods which can sleep up to 4 students, your school will inform you of who you are sharing with.

Each village will have teacher pods and they will be the first point of call in the night if any students need anything. We will have members of staff onsite too in case there is a wider issue.
