

English Week beginning 11.5.20 Lesson 1- Research

This week is:

Today, you will be researching the history of doughnuts and they are made. You will then, tomorrow, write a ring doughnut recipe for someone to follow. You may even like to have a go with an adult and make your own! Yum!

Research:

Read and make notes about the history of doughnuts and how they are made. When making your notes think about:

- Notes about the history and key doughnut facts so they know what they are making
- The ingredients needed
- The method used to make them
- Ways to decorate your doughnuts
