

# SEVE THE CYPRESS SUPERDOG!

Seve was born on 20<sup>th</sup> April 2021 in Gloucestershire and was one of 9 puppies in a litter. Seve is a Golden Retriever. He came to live with Miss Chapman and her family when he was 8 weeks old.

Miss Chapman decided to train Seve as a Therapy Dog, so he could help lots of children at Cypress Primary School. Only dogs that are very gentle can be trained as Therapy Dogs.

---

**PETS AS  
THERAPY**

Seve is good at giving cuddles, listening to children read and helping people to relax. Scientists have proved that stroking animals like cats and dogs can make people feel happy, calm and lower their stress levels. People who have contact with animals also have better immunity, which means they don't get unwell as often.

### **Seve's Golden Rules**

- Please stroke me gently
- Stroke me forwards on my head
- Please don't overcrowd me
- Have a quiet voice and don't make loud or sudden noises
- Keep your hands away from my mouth
- Please don't eat food around me
- Have kind hands
- Always wash your hands after stroking me

Seve has already made lots of friends at Cypress!
