Dear Parents and carers

The Felix Project

As of today, we will be working with an organisation that is trying to tackle the twin challenges of food waste and hunger in London. We are very excited to have set up a connection with The Felix Project who will deliver fresh surplus food to school on a weekly basis. Parents and carers are then invited to come along to school and help themselves to what is available. We never know from week to week what we are going to get as it depends on what food is available as a surplus.

We are expecting our first delivery today, and although we don't know what we will get we are hopeful that there will be a good selection of produce available for families to take home. Therefore, **please remember to bring a shopping bag when you come to collect your child.**

This project will supplement our existing connection with The Magic Breakfast and help to ensure that children come to school ready to learn rather than hungry. For more information about The Felix Project click on the link here. <https://thefelixproject.org/>
