

If we arrange these numbers inside the intersecting shapes like this ...

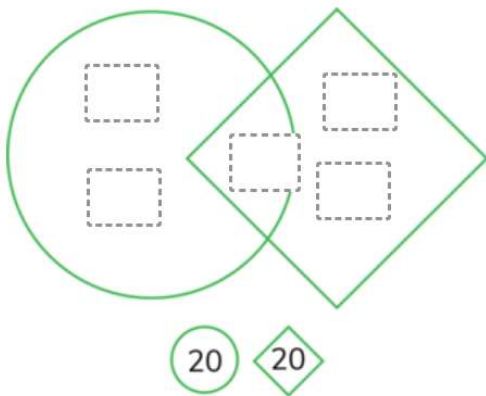

... then we get these totals:

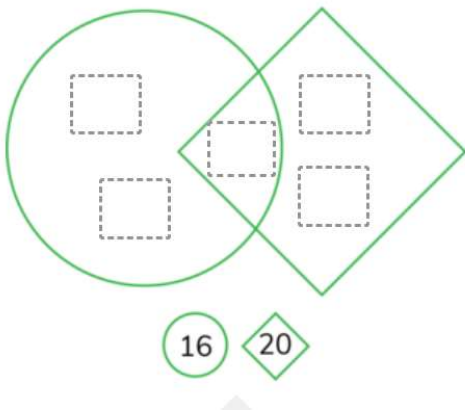

For each of these puzzles, drag the numbers into position to get the totals inside the shapes below.

**Puzzle 1**

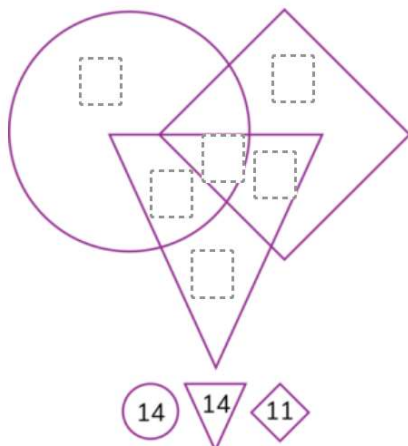

2	4	6	8	10
---	---	---	---	----

**Puzzle 2**

2	4	6	8	10
---	---	---	---	----

**Puzzle 3**

1	2	3	4	5	6
---	---	---	---	---	---
