

Overview

At Whitehorse Manor Junior School, we have been awarded £20,500 in the academic year of 2019/2020. This funding has allowed us to improve the quality and breadth of PE and sport provision, including increasing participation. The funding – provided jointly by the Departments for Education, Health and Culture, Media and Sport – has been allocated to primary school headteachers.

Specifically it will be allocated to work towards our aims of

- **Increased participation in competitive sports and inter-school tournaments**
- **Increased opportunity for children who demonstrate ability in sports to access better coaching**
- **Improved resources and facilities for PE and School Sport**
- **Improved PE teaching through the development of teachers and other providers**
- **Improved enjoyment in sport and increased uptake of sporting opportunities**

At Whitehorse Manor Junior School we will continue to focus on the professional development of all staff. Teachers and teaching assistants will have the opportunity to enhance their professional knowledge and understanding, based on self-assessment, in specific areas of the PE curriculum, such as gymnastics and dance. They will be able to work with specialist PE teachers to improve their knowledge and teaching methods of this subject.

Funding will enable our PE Coordinator to attend subject network meetings which provide advice on how to best monitor and evaluate the quality of teaching, outcomes for pupils and the impact of the PESSCL strategy. The network meetings also create the opportunity to forge links in the local community and cluster of schools.

It will allow us to fund specialist providers, giving opportunities for children to develop skills in a wider range of sports, improve their fitness levels and develop a better understanding of the importance of physical activity as part of a healthy lifestyle. We will purchase new equipment and resources to allow pupils to access these sports.

We hope to increase the number of children taking part in tournaments and also allow children the opportunity to take part in sports that they may have never experienced before. In particular, we will be targeting pupils who are of a higher ability attainment in PE to take part in various tournaments which are of a more competitive nature.

Expenditure (approximate)

£7862	Sports lunchtimes
£2550	CPD Moving Matters
£1320	Girls football team
£1420	Boys' football team
£308	PE equipment
£1008	TA support for extra-curricular clubs
£132	Tournaments
£1010	Elite PE training for G&T pupils
£251	Playdowns safety check PE
£15861	Total for this academic year

Summary of impact

The impact of the new primary school sport funding on pupils' lifestyles and physical well-being has been evaluated on these factors:

With the additional funding the academy has built on developing competitive sports which has included supporting our successful boys' football team and we have now introduced a girls' football team. We believe that competitive sport within schools can help to drive standards and prepare students for the challenges of the working world. However, one of our core aims at Whitehorse is to provide equal opportunities for all. Inclusion lies at the heart of our ethos and above all we place greatest importance on inspiring each individual to achieve beyond their potential regardless of ability.

Our Extended Services Leader organises an extensive range of alternative sports and after school clubs which has enabled pupils of all abilities and interests to participate. The sports activities are designed to aid social and physical development and fitness within an enjoyable sporting environment. These range from street dance, martial arts to football and fencing. Regular after school sessions strengthen the achievement and enjoyment of all pupils, including those with special educational needs and/or disabilities and pupils who are eligible for the Pupil Premium Grant. We have introduced TA support to our extra-curricular activities, to further enhance safeguarding and to allow TAs to develop new skills.

We have entered a range of tournaments organised by the Croydon Sports Association, this has encouraged children to become more active by finding a sport that they wouldn't normally decide to choose. This programme has allowed children to have a taster of a variety of sports that they might not normally have the opportunity to try. We have tried to broaden provision to include non-traditional activities so that young people in hard-to-reach groups are motivated to participate and so that all pupils develop healthy lifestyles and reach the highest level of performance. It has encouraged each child to feel they are a valued member of the group and helped them to identify their preferred sport while ensuring they are participating at a level to challenge them.

This year we have used an organisation called 'Moving Matters' to assist teacher's CPD with regard to the teaching of team games including football, basketball and striking and fielding games. This has included skills development, using equipment, risk assessment and health and safety. There has also been work in effectively using assessment for learning in PE and thinking about the journey of each child to progress each child further.

The percentage meeting the national curriculum requirement to swim competently, confidently and proficiently over a distance of at least 25 metres, using a range of strokes effectively and performing safe self-rescue in different water-based situations: 62%

Due to the closure of schools in the summer term we were unable to fulfil other planned initiatives. The premium does not have to be completely spent by schools in the academic year beginning 1st September 2019. Some or all of it may be carried forward into the academic year beginning 1st September 2020 but must be spent by 31st March 2021

Next academic year 2020-21

For this academic year we will continue using the funding to improve the quality and breadth of PE and sport provision, including increasing participation. Specifically, it will be allocated to work towards our on-going aims as stated above.
