Year 2 Newsletter: Autumn 2025

Welcome to Year 2. We hope that you have had a restful summer and look forward to having a wonderful year working together. We have been so excited to welcome the children back to school and have been pleased with how well the children have settled back into school life. We hope that this newsletter will help to keep you informed about what your children will be learning this term. If we need to share information with you, we will use Google Classroom and the 'Studybugs' service, so please make sure you have downloaded the app and synced it with your child's information.

English: During the autumn term, we will be working hard in English to develop the children's reading, writing and speaking and listening. We will be reading a number of fictional texts such as "The Lonely Beast" and "The Bear and the Piano" to fuel our story retelling and love of reading. We will be reading the story "The Twits" and discover what a terrible, disgusting man Mr Twit is. Using commands and adverbs, children will write instructions to create Mrs Twit's Squiggly Spaghetti. We will also be researching and fact finding using a wide range of non-fiction books, making links with our history topic, which this term will be 'The Tudors'. We will use our discovered facts to write information posters all about Henry VIII and consider how to vary our sentence starters in order to draw in the reader. Every week, the children will be learning about different aspects of spelling, grammar and punctuation and using this to improve their writing skills.

Maths: In our maths learning this term, the children will be focusing on place value (e.g. to know that the number 23 is made up of 2 digits that tell us how many tens and ones there are in the number and that $23 = 20 + 3$). We will also look at different strategies we can use to add and subtract numbers and explore the concepts of multiplication and division. Please help your child with as much practical maths as possible; remembering that it is important that they can explain the method they have used to solve a calculation.

Science: Our science topic this term will be "Animals including humans" and we will be learning all about the human life cycle and what animals and humans need to survive. Children will be thinking about what makes 'healthy living' and will look at different food groups as well as linking with DT to make our own healthy muffins. We will be learning about how important exercise is to keeping healthy and different ways we can keep fit. Children will be learning about how exercise creates changes in our bodies. Lastly, children will be looking at the importance of hygiene and ways in which we can keep clean.

Thematic: Our topic this term is 'The Terrible Tudors' and the children will learn all about the reign of King Henry VIII. We will be finding out what Tudor life was like for the rich and poor and what school life was like. We will be bringing this topic alive by visiting Henry VIII's most famous palace, Hampton Court Palace, and discovering the fate of his six wives. Children will discover how food and fashion have changed since the Tudor period and what life was like as a child during that time. The children will draw and paint Tudor portraits of themselves wearing Tudor costume and design their own Tudor rose or Tudor shield which they will use to create a printing pattern.

Trips and events: To enrich our RE learning, Nabhi from the London Institute of Vedic Education, will be visiting us and delivering an interactive workshop based around the Hindu festival Diwali. We will be taking a trip to Hampton Court Palace to visit one of Henry VIII's most famous palaces.

What you can do to help: The most important way you can support your child is by reading with them as often as possible. Your child will have the opportunity to change their sharing reading books and be given a teacher choice book. It is essential that you listen to them read aloud and also that you read to them so they are exposed to a range of different texts. Please try and write in your child's reading diary on a weekly basis to keep us informed of their reading at home. There will be a chance for you to meet with your child's teacher this half term to talk through their next steps for learning. These meetings will be taking place the **week beginning Monday 6th October**. You will be able to sign up for a slot nearer to the time. If you have any general concerns or questions in the meantime, please ask!

The Year 2 Team

Don't forget to check the website at: www.pegasusacademytrust.org

Please see important dates on the reverse of this letter.

Dates for your diary	
-	<u>Atwood Primary School</u>
Tuesday & Thursday	PE day for Orange Class & Green Class (sometimes it will be on a Wednesday but we will let you know when this changes).
Wednesday 8 th October - AM	Diwali workshop in school
W/c Monday 6 th October	Parents` Evening
Friday 7 th November	Orange and Green Classes visit to Hampton Court Palace
